Subject: Re: Over Payments

In Sevier County's case, Lynn and I agree that we should keep the overpayment, since in 2011 they came out of reclamation status to begin work again without paying fees in 2010 to cover them for that period. Does that make sense?

All,

The following sites have over paid their permit fees for one reason or another. Please review the sites that fall into your areas and let me know asap if the information I've collected is correct.

Leslie

M/035/0012- Harper Precast paid for this site on Jan 25, 2012. Kilgore has sent in a check for it Feb 7, 2012. All fees look to be current with and extra \$1,000.00 collected. Who should the check be made out to?

S/045/0079- Check rec'd Feb 8, 2012. Paul noted that the file is being closed so they don't need to pay. I've asked Rose to hold on to this check, so hopefully we won't need to cut a new check and can just return the original.

Lynn

E/021/0050- Randal Moore paid the fee Sept 12, 2012. It looks like this site is current with an extra \$150.00 and needs a check cut.

Peter

S/041/0037- Sevier County paid July 28, 2011 without being billed, but have paid again Jan 24, 2012. It looks like they missed 2009 and 2010. Should we apply this to one of these years?

Wayne

E/023/0114- Freeport-McMoran paid this July 27, 2011 and again Jan 13, 2012. Looks like these site is current with an extra \$150.00 and needs a check cut.
